

Geotab Drive

Enhancing the driver experience

The smart mobile app for fleet
compliance and much more

GEOTAB®

The easy-to-use driver compliance app

Geotab Drive is the easy-to-use driver app that streamlines ELD compliance, Driver Vehicle Inspection Reporting (DVIR) and Driver Identification. This smart mobile app works with the Geotab GO telematics device to help you strengthen compliance, improve fleet productivity, and increase driver safety.

DVIR workflow

Save time with intuitive vehicle inspection workflow.

FMCSA compliant

Supports FMCSA exemptions such as short haul, 16-hour and oil well.

Driver identification

Easily track driver usage.

Over-the-air updates

Over-the-air (OTA) software and firmware updates.

Team driving

Up to 3 drivers in the same truck.

Simplified ELD

User-friendly dashboard with streamlined Hours of Service and automatic duty status changes.

Driver messaging

Improve communication with drivers.

Cross border compliance

Supports over 100+ customizable HOS Rulesets and exemptions for the U.S. and Canada.

Open and Customizable

Customize your solution with Geotab-integrated software Add-Ins and hardware Add-ons. Compatible with Android and iOS devices (BYOD)*.

*Device must have a data plan and location services activated.

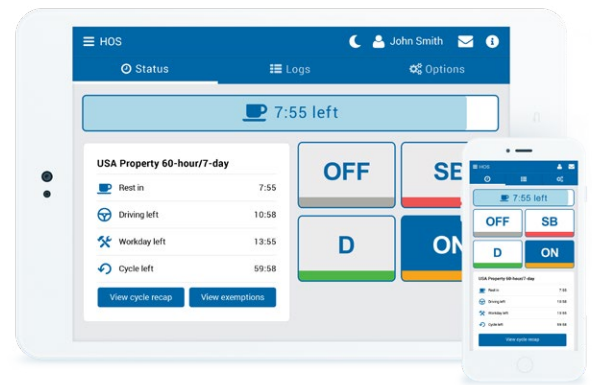

GEOTAB®

Download Geotab Drive free on the Google Play Store and Apple App Store. Available in Spanish and French.

ELD solution on an industry-leading platform

Geotab's electronic logging solution offers benefits for both drivers and fleet managers.

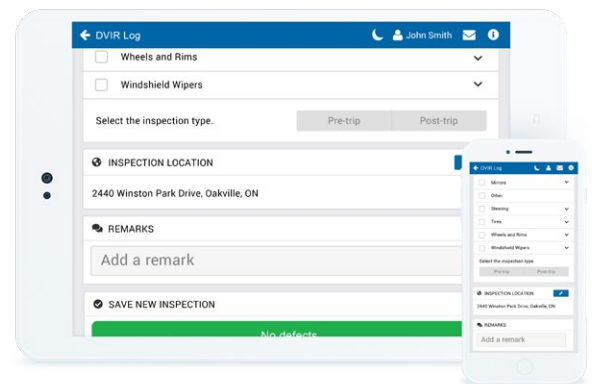

- + FMCSA compliant
- + User-friendly dashboard and driver identification
- + Hours of Service reporting
- + Automatic duty status changes
- + Alerts for violations and drivers not logged in
- + Detailed reports on driver logs and remaining hours

End-to-end Driver Vehicle Inspection Reporting

Geotab Drive provides end-to-end vehicle inspection workflow. Inspections show defects, who identified the defect and who repaired it.

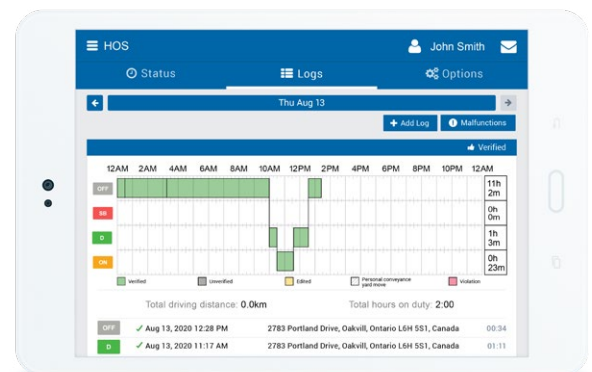

- + Multiple defect list support
- + Print missed DVIR detection reports right from MyGeotab
- + Automatically notify the mechanic when a DVIR is completed and a repair is needed
- + Drivers can select either pre-trip or post-trip inspection

Driver quality of life features

The user-friendly dashboard and multiple features included to help drivers do better.

- + Automatic duty status changes and quick touch exemptions
- + Electronically-generated Duty Status graph
- + Pop-up reminders to verify logs, add shipments and other tasks
- + Night mode for easier viewing in the dark
- + Comprehensive view of availability and recaps
- + Offline features to automate status changes & initiate start and end of day workflow

Discover more solutions on Geotab's Marketplace

Geotab goes beyond the ELD mandate requirements by providing you with a secured, open telematics platform that evolves with your business. Build your own custom solutions, or integrate with your transport management system (TMS) – the choice is yours. Choose an ELD solution that gives you more.

Maximize your return on investment with Geotab's expandability options. Browse the Geotab Marketplace for hardware accessories and software solutions.

- + Fuel usage and mileage monitoring
- + Engine fault reporting for proactive vehicle maintenance
- + Integration with Transportation Management Systems (TMS)
- + Integrate with your maintenance program with Geotab's open APIs
- + Paperless forms and electronic signature capture
- + Other custom solutions for trucking, such as refrigerated trailer temperature monitoring, tire pressure monitoring, in-cab cameras, and more
